ADMINISTRATION

One of the greatest assets of the Mansfield school system has always been its well-organized administration which, for all its efficiency, never loses sight of the human values. For the past eleven years our superintendent has been Mr. W. L. Miller, whose tenure of office has nobly upheld the best traditions of the American philosophy of education. His administration has been marked by a truly progressive spirit, and the plans for the future as they have been revealed to the public show every indication of their being a continuation of this spirit in the years to come.

•

One hundred graduating classes is a staggering thought. When an educator begins to estimate the total number of persons who have been graduated in one hundred such exercises, he awakens to the power that is within our public schools much more realistically than by any other incident in school life.

As we go about our tasks, day by day, gradually preparing pupils for graduation and for life, we do not get a clear picture of the effect schools and the teachers have on the world. However, such an event as this, which calls to mind the fact that one hundred classes have left the Mansfield schools after twelve years of education, impresses these thoughts on our minds:

Education, although only one of many forces, has helped make the world a little better. Thousands of pupils have received the benefits of a general, liberal education, with the opportunities to enjoy and live a fuller and better life and appreciate the pleasures of our culture. With the opportunities of this education has come a corresponding responsibility to make this world a better place in which to live.

It is with a feeling of pleasure that I join the many teachers and graduated pupils in rejoicing over the excellent type of young people Mansfield Senior High School has given to the world in the past century.

We hope that the future can look back on our work with as much pride as we contemplate the work of those who preceded us for one hundred years.

W. L. MILLER.

Five years ago Mr. Glenn G. Rohleder succeeded to the post and attendant heavy responsibilities of principal of Mansfield Senior High School. The work, largely behind the scenes, he has carried on in a manner entirely worthy of the traditions laid down by his distinguished predecessors. His influence has been stimulating and beneficial both to the faculty and to the students.

GLENN G. ROHLEDER

May you, who now or later scan the pages of this memory book, cherish the associations, traditions, ideals and activities of your Alma Mater.

Congratulations to each member of the one-hundredth class to graduate from Mansfield Senior High.

Glenn G. Rohleder.

RAY ABBOTT: This boy, whom his friends call "Rabbit", takes the vocational course, in which he finds history to be his favorite subject. Some of his activities are the Rifle Club and Vocational Club; his hobby is hunting. **JANET ACKERMAN:** An academic student, Janet is usually called "Ackie." The Leaders' Club, the Swan Club, Blue Tri, G.A.A., the Pep Club, and S.O.P.C. occupy much of her time. Algebra is her favorite subject. **ARNOLD ADAMS:** Arnie is a member of the MANHIGAN staff and the Hi-Y; he has been the vice president of his class for the past two years. S.R.C., M Association, S.O.P.C., the Pep Club, and the golf team number among the organizations to which he belongs. **DONALD ADAMS:** Don says that the favorite of his commercial course subjects is math. The associations to which he belongs are band, basketball, and the M Association; in addition he has taken care of the class funds for two years. **DORIS ANDREWS:** Doris is taking her studies in the general course. Among her activities are Blue Tri and the Pep Club. **MILDRED ATWATER:** Mildred, who is called "Peggy" for some strange reason, takes the general course and likes art best. Outside of school hours she keeps herself busy with crafts. In the fall she is going to college. **JACQUELINE AUGUSTINE:** Jackie takes the general course, preferring English to all other subjects. She is active in S.S.S.C., the Pep Club, and Nous Servons. For a hobby she collects postcards. **FRED AUSTIN:** Fred, who will answer sometimes to "Peepy," takes the general course; here he likes woodworking best. His post-graduate plans include college. **EARL AUNTER:** Earl attends physics class with most enthusiasm in the general course. He belongs to Hi-Y, the Pep Club; this year he presided over the A Cappella Choir. He is often high in the air, for his hobby is flying airplanes. **GERALD BAKER:** Jerry, who takes the vocational course, elects physics as his favorite subject. A member of the Vocational Club, his hobby is football.

school. Perhaps her greatest achievement is the roll of Lucy in the class play. Blue Tri, the Pep Club, and Friday Nite Club Council are among her outside activities; her hobby is drawing. **JERRY BISHOP:** A general course student, Jerry's favorite subject is chemistry. He belongs to the Hi-Y; his hobbies are music and science. Next autumn he plans to go to college. **KATHRYN BLACK:** Kathryn takes the general course; she likes French best. Most of her leisure time she spends writing. After graduation Kathryn plans to go to college. **MARIE BLACK:** Marie, for reasons best known to all of her friends is called "Reeze". She takes the general course; sewing is the class to which she always rushes. Her hobby is collecting pictures. **THOMAS BLOOM:** January 8, 1946, Tom left M.H.S. to give his services to the Army.

ROBERT BEATTY: Bob pampers his creative streak by working hard at his favorite subject -- creative writing. He is enrolled in the academic course. His special talent is art; the MANHIGAN is indebted to Bob for the clever cartoons appearing in the book. **CARL BECHTEL:** Carl chooses physics as his best-liked subject in the general course. He is an active member of the Vocational Club. Horseback riding is his hobby. **MARY BECKER:** Mary, who takes the general course, is very fond of English. She manages to keep busy by belonging to Blue Tri, choir, the Pep Club, S.S.S.C., and S.O.P.C. In her spare time she keeps a postcard collection. **JENNIE BEER:** Jennie, legitimately called "Shorty," takes the commercial course and really enjoys her shorthand class. She is an active member of Nous Servons and the Pep Club. **DORIS BENDER:** The records say that "Dory" is taking the general course. She is quick to acclaim that her favorite subject is shorthand. **MARILYN BENDER:** Marilyn, it must be confessed, is known to many of her friends as "Meatball." She takes the general course; she likes swimming best. She faithfully attends Blue Tri and the Pep Club meetings. After graduation she is thinking of going to a school of design. **MARY ALICE BERGER:** Mary Alice takes the general course. Blue Tri, G.A.A., and the Swan Club are some of her outside activities. Tops on her list of favorite subjects is chemistry. She plans to attend college after graduation. **MARTHA BERNHARDT:** Martha's favorite subjects, oddly enough, are pre-flight and physics. During school hours she takes her studies in the general course. **KENNETH BERRY:** Kenny's favorite vocational-course subject is math; he is active in the Vocational and Rifle Clubs. Kenny is always willing to talk about airplanes; working with them takes up most of his spare time. **JOHN BIDDLE:** A vocational course student, John elects history as his favorite subject. Vocational Club tops the list of his activities; canoeing and swimming are two of his hobbies. **ESTHER BISHOP:** Esther's favorite subject in the commercial course is dramatics, in which she has made many excellent contributions to the

Evie spends much of her spare time dancing and reading. Next fall she is entering Ohio Wesleyan College.

GEORGE BRADLEY: George is a general course boy who prefers biology. His activities are choir and track; baseball makes up his hobby. George is planning to go to college.

JOAN BRANDT: "Joe's" best-liked commercial subject is shorthand. She belongs to choir and Nous Servons. After graduation she wants to get an office position, but right now her hobby is collecting letters.

SOPHIE BRANDT: Sophie also takes the commercial course; this Brandt's favorite subject is office practice. Her activities include Blue Tri and the Pep Club. Much of her spare time is spent on a postcard collection.

MARGARET BREHMER: The records of the school indicate that "Marge" is enrolled in the commercial course. In addition to collecting photographs she faithfully attends every meeting of S.R.C. After graduation she plans to go into some kind of office work.

ROLAND BRENNEMAN: Roland likes science the best of his vocational-course branches of study. Vocational Club heads his list of activities. After graduation he thinks that the Army will have some work for him.

MAXINE BRICKLEY: "Max" is enrolled in the commercial course; here her favorite subject is typewriting. She is on the roll calls of Blue Tri and the Swan Club. All kinds of sports are her hobby.

RAYMOND BROWN: The school records claim that Ray takes his studies in the vocational course. After graduation he plans to enter the Army.

ROBERT BROYLES: Bob is enrolled in the general course. He always hurries to his mechanical drawing class because this is the subject he enjoys most.

Here is another girl who wants to travel after graduation. **CARRALOU CASTO**: Somehow Carralou has acquired the nickname of "Rosie." Her favorite subject is music and she is a loyal and valuable member of the band and choir. She helps to keep her trim figure by doing a lot of swimming. **RICHARD CATES**: If Dick is not to be found, look for him back of a camera. Taking pictures is his hobby; band is his leading outside activity. History in his general course is his best-liked subject. **HILDA CHASE**: "Chasie" pursues her subjects in the commercial course, liking typing above all others. She has been affiliated with Nous Servons, G.A.A., S.S.S.C., and Blue Tri. She does much swimming and skating -- her hobbies. **JOSEPHINE CHAVEZ**: "Joe" is working in distributive education in her general course. She particularly likes salesmanship. Music seems to be her weakness -- she likes to dance to it; after graduation she wants to be a vocalist. Now she belongs to G.A.A. **VIOLET CHOKREFF**: A general course girl is "Choky"; her favorite subjects are shorthand and music. After graduation she plans to go to college.

JAMES BURNS: Jim is another vocational boy who likes shop best of all. His main extras are the Vocational and Rifle Clubs. To stay on the good side of him, talk about radios, for he would rather work with them than eat. **RICHARD BURTON**: Dick, or "Snatch" if you prefer, likes mechanical drawing best of all his vocational course subjects. He is an active member of the Vocational Club and the Pep Club and has done as much as any one person to bring basketball victories to the school. In fact his hobbies prove to be basketball and baseball. **DOROTHY BUTLER**: Dot is one of the distributive education kiddies. Her course is the general; her best liked subject is salesmanship. When she has nothing else to do, Dot is always content to work with her movie star collection. **GENEVA BUTTS**: Geneva, more often called "Nevie", intends to go to business college in order to make a better secretary some day. Right now she works hard at typing, her favorite subject in the general course. For relaxation "Nevie" likes to dance. **JOANNE CADE**: "Jo" lists S.S.S.C. and the Pep Club as her activities. In her spare time she does much writing -- her hobby. Now she is in the general course; but if her dreams come true, she will travel a great deal in the future. **SHIRLEY CALMES**: A student in the general course, Shirley's favorite subject is Spanish. She belongs to G.A.A., S.R.C., and S.O.P.C. She likes to read and follows it up by writing about what she reads. She plans to go to college. **WILLIAM CARAWAY**: Bill is sometimes called "Mouse", but don't ask us why. He is enrolled in the general course, in which geometry is his favorite subject. Reading constitutes his hobby. **HELEN CARMEN**: "Jay" does not mind studying shorthand, because she feels that it is the first step toward her ambition, which is to become a good secretary. She is in the commercial course; the Pep Club is on her list of activities. **SHERIDAN CARR**: Sherry can often be seen rushing to algebra class because this is his favorite subject in the academic course. Logically enough he plans to enter college. He is an active member of Hi-Y, the Pep Club, and S.R.C., and of the Monday

College figures prominently in his post-graduate plans. **RUTH LEWIS:** "Cookie" is often seen with her Franch book, because that is the subject she enjoys most in her general course. It seems that she is musically inclined -- during school hours she sings with the choir; in her spare time she likes to play the piano. Some day she hopes to make nursing her profession. **COILA LICHTENBERGER:** Coila, who will answer to "C.J.", actually chooses algebra II as her preference. She has been affiliated with Blue Tri, choir, and Pep Club. In addition to dancing and sports she claims the singular hobby of raising and training cocker spaniels. She is planning to enter college in the fall. **MADONNA LONG:** Madonna hopes to be a secretary when she is out of school, but right now she contents herself with studying hard at her shorthand. She takes great pride in her collection of stamps and vases, which she takes care of outside of school hours. **JOHN LOVE:** When he is not roaming the halls or yelling at someone, John studies his favorite subject which is Pre-Flight. He is enrolled in the general course.

LAURA LOVE: One has only to look at "Red" to know that her nickname is well merited. Her favorite subject is shorthand in her general course. She works hard at this subject because her ambition is to be a secretary. Right now she likes to dance and ride horses. **JAY MARCHANT:** Jay, who takes the general course, says mechanical drawing is his favorite subject. He is an active member of Hi-Y. In the fall he plans to attend college. **WILLIAM MARLOW:** When in school the general course occupies Bill's time, but he is quick to tell that outside of school hours hunting and fishing are his true loves. **CHARLES MARSHALL:** Charles, who is always called "Chuck," belongs to the Hi-Y and Pep Club. He can be found hurrying to public speaking class because that is his favorite of all his general course subjects. College forms his plans for the fall. **VIRGINIA MASCILLI:** Virginia, better known as "Jenny," intends to be a secretary when school is out, so she likes shorthand best of all her subjects. Perhaps she keeps her slender figure by participating often in her hobbies, dancing and swimming. Jenny belongs to Blue Tri. **MARVIN MATTHES:** To start a conversation with "Marve," just ask him about his fishing and hunting. You will soon find that these sports take up most of his spare time; that is, the time he is not spending on his general course subjects. **ROBERT MEISTER:** Robert works hard in the vocational course; he has no favorite subject; perhaps he likes them all. Automobiles are his special joy; his ambition is to be a pattern maker. **JACK MELTON:** Jack's course is general; he especially enjoys Pre-Flight. she is the president. She especially likes dramatics and is thinking of attending Hiram College. **RALPH MILLIGAN:** Ralph, who claims the nickname of "Irish," is active in the vocational course. He always works hard at mathematics because this is his favorite subject. After graduation he is going to let the Navy make plans for him. **QUAID MISHEY:** What Quaid does not know about making pictures, he intends to find out. He wants to attend the Eastman Kodak School in New York after graduation. As you have probably already guessed, photography is his hobby as well as his favorite subject; the **MANHIGAN** is thankful to him for much fine work. **ROBERT MOON:** The vocational department is where Bob reports for his studies. Here he absorbs his favorite subject, shop science. Believe it or not he claims that work is his chief hobby, although he does not say what he considers work. The Army is his next stop after graduation. **MARVIN MORRIS:** Marvin, sometimes called "Stan," takes his studies in the general course. He likes art class better than any other. At practically any time he is glad to talk about his stamp collection, his hobby. **MURIEL MORTON:** Blue Tri, Nous Servons, Pep Club, and choir all claim "Mulie" as an active member. In her general course she particularly enjoys experimenting in chemistry class. She likes sports of all kinds.

His greatest ambition is to have a farm of his own someday. **JAMES MCGRAW:** Jim takes great pride in his coin and stamp collections, on which he spends much of his free time. Usually he can be seen hurrying up to physics class because this is his happiest time of the whole day. He is a valuable asset to the band and orchestra. **JACQUELINE MCKEEHEN:** This pretty little senior, always known as "Jackie", is enrolled in the academic course, from which she chooses chemistry as her favorite subject. She is an active member of Blue-Tri, Pep Club, and G.A.A., and Nous Servons. Jackie is thinking about either Oberlin or Flora Stone Mather College for her future education. **GLORIA MCKINLEY:** Gloria, who well deserves her nickname, "Blondie," says that attending movies, dancing, and designing clothes are her ideas of real pleasure. She likes shorthand best of all her commercial subjects; perhaps that is why she is often seen helping Mr. Sherman in his department. Faithfully Blondie attends Blue-Tri meetings. **EARL NORTON:** Earl, nicknamed "Merry," says that having fun is his chief hobby. We wonder if that is why he is taking the academic course and chooses solid geometry as his best-liked subject. Earl's attention is turned toward Michigan State for his post-graduate plans. **JANE NUSBAUM:** For the last two years "Nuse" has been handling very capably the records of the senior class. Not satisfied with that alone, she has been associated with Blue-Tri, Inter-Racial Forum, Pep Club, and the business staff of the Hypo. She likes mathematics and swimming, and plans to go to college. **RHEA OHL:** Rhea enjoys her English class more than any other in the commercial course. For two years she has worked on the MANHIGAN staff; in addition she has taken care of the records of Nous Servons, and belonged to Pep Club and S.O.P.C. Soon she hopes to go to Miami University. **ANTHONY OLIVIERI:** Everyone knows him as just plain "Tony." He can be seen studying in the commercial classes and claims typing as his favorite subject. Since he belongs to the golf team, this and sports, in general are his hobby. After he graduates, Tony has chosen the Army or Navy.

DAVID MOYSI: David claims the unique nickname of "Snake Eyes." He is taking the general course in which dramatics gives him the most pleasure. His list of activities includes Pep Club, track, M Association, boxing, and cross country. He likes his work and considers it his hobby. He says that the Navy will take up his time after he graduates. **JOSEPH MURASKO:** "Mark" actually lists solid geometry as his favorite subject in his general course. He does not confine his interest to one hobby but divides it equally among radios, automobiles, and women. If the Army does not take him after graduation, he plans to attend college. **WILLIAM MCBRIDE:** Bill's hobbies are swimming, horseback riding, and canoeing. He is a member of the Vocational Club and the Rifle Club. Bill is taking the vocational course, and mechanical drawing is tops on his list of favorite subjects. He plans college for after graduation. **FRANCES MCCARRICK:** We wish Fran a lot of luck in her chosen profession -- nursing. Right now in the general course, home economics is her favorite subject; she is interested in photography and likes to swim. During her three years at M.H.S. she has done lots of strutting as a majorette in the band. **WILLARD MCCULLOUGH:** Willard answers to the nickname of "Dusty." In his opinion all sports are tops. He is taking the general course; solid geometry is the class he attends most enthusiastically. The Army and then Ohio State University are for "Dusty" in the future. **HELEN MCCRACKEN:** Helen, or "Crackie" as everyone knows her, has helped to cheer the football and basketball teams on to victory for the past two years. In addition to this service she belongs to Blue Tri and Pep Club. She enjoys dancing, considering it her hobby. **MARGARET McDONALD:** "Maggie" is learning how to take care of a house for a lucky husband by attending the home economics course. **WAYNE MCFARLAND:** "Mac" has been busy during his years at M.H.S. playing in the band and orchestra, helping to make up the basketball and baseball teams, and belonging to the M Association. He is one of those general course students who chooses plane geometry as his favorite subject.

MARY ELLEN ORR: The records say that Mary Ellen is enrolled in the academic course; she says that algebra is the subject in which she shines. She is on the Blue Tri, G.A.A., and Pep Club roll calls. Much of her spare time is spent on her hobbies -- horseback riding and golf. College is her next stop. **ROSLYN OST:** Since Roslyn is preparing to become a secretary, she often practices her favorite subject which is typing. She can always be seen at Nous Servons and Pep Club meetings and is often willing to entertain the members by talking about her stamp collection. **SHIRLEY OSWALT:** Shirley, who will answer to "Squirrey," claims that bookkeeping heads her list of the subjects that she likes best: she is one of Mr. Sherman's helpers in the commercial department to which she belongs. She is vice president of Nous Servons and lists Pep Club as another activity. **STANLEY PACKER:** The general is Stan's course; he likes physics class better than any other. He likes to draw and thinks that it is fun just to tinker around doing nothing at all. During his years at M.H.S. Stan has been a valuable addition to Hi-Y, Pep Club, and the track team. After graduation he plans to go to college. **MARY PARRY:** The MANHIGAN owes Mary a vote of thanks for her excellent art work on the division pages of this year's book. In addition to drawing, she likes dancing, swimming, and Van Johnson. She has belonged to G.A.A., Pep Club, S.O.P.C., S.S.S.C., and the Bowling Club. Her course is the general; chemistry and art are her favorite subjects. **GERMAINE PAYTON:** "Jerk" will be well prepared for secretarial work when she graduates from her commercial course. She is always happy in creative writing class, since she enjoys this particularly. She belongs to the Bowling Club and Blue Tri and she likes to read, skate, and shoot arrows at targets. **MARION PENDELTON:** Since "Doc" plans to attend college in the fall, he has chosen the academic as his course. He helped manage the basketball team and belongs to Hi-Y and Pep Club. **ERNEST PENNELL:** One of our snappy cheer leaders, Ernie is also on the receiving end of many cheers in the Pep Club. She has chosen Bliss College as her next stop after graduation. At anytime one might see Marjie peeping out from behind a camera because that is her favorite hobby. **GERALDINE PEYTON:** This "Gerry" is also taking the commercial course and chooses shorthand and typewriting as her favorite subjects. She likes to play ping-pong and volleyball. When she is not doing this, she works with her postcard collection; she plans to be a secretary after graduating. **NORMA JEAN PHILLIPS:** Jean, right-ly nicknamed "Red," enjoys personal regimen class more than any other. She takes her studies in the commercial department. "Red" answers, "Here," to Blue Tri and Pep Club roll calls. **DOROTHY PORTER:** Band and typing are considered favorites by Dorothy, better known as "Port." In the academic course she is preparing for college after graduation. Her activity list contains band, the Pep Club, and Photo Club. "Port" enjoys swimming and biking in her spare time. **CHARLES POTH:** If you want to be on the good side of "Charlie," just talk to him about dogs; he trains them, so he knows all about them. In the commercial course he lists his favorite subject as algebra. After graduation he would like to become a carpenter. **CARMA PRICE:** "Pricie" is taking the general course, and her favorite subject is English. She is a member of the Photo Club; her hobby is collecting salt and pepper shakers. After graduation she plans to take up domestic science. **VIVIAN PURDY:** Vivian, who will answer to "Purkie," does not confine her interests to one hobby. She likes to ride horseback, swim, and play the piano. It seems that she is rather talented in music, for after graduation she is planning to study it in college. Right now she is taking the general course and likes typing best of all.

labored on the MANHIGAN staff with the result that this year he is co-editor. His course is the academic, from which he chooses French as his favorite subject. His interests are the theater and writing. Now he is looking toward Columbia University. **BARBARA RIZER:** "Barb" is taking the home economics course, in which her favorite subject is home nursing. She belongs to Blue Tri and Treble Choir; her hobby is collecting match book covers. She plans to work after graduation although she does not know where. **HELEN ROBINSTINE:** "Squirt's" favorite subject is literature, which she takes in the general course. She manages to keep herself busy by faithfully attending the Nous Servons, Blue Tri, the Pep Club, Archery Club, G.A.A., and S.S.S.C. meetings. She wants to be a stenographer when she is out of school. **ROBERT ROTHROCK:** Even though he is enrolled in the vocational course, "Rockie" chooses physics as his favorite subject. He is an active member of the Vocational Club and is going to let Uncle Sam make plans for him after graduation. **DONALD ROWE:** "Towie" seems to be fond of sports; this is indicated by his membership in M Association, track, cross country, basketball, and baseball in addition to Hi-Y. His course is general, and physics is his favorite subject. In the fall he plans to attend college. **GLENNA RYAN:** "Blondie" says that her favorite subject is shorthand, which is included in the commercial course. She is a member of the Pep Club and Nous Servons. She likes to roller skate and can often be seen at the rink going round and round. When school is out, she wants to do office work. **JOANNE RYAN:** "Jo" is taking the commercial course; the subject that she likes best is bookkeeping. She is a member of Blue Tri and she likes sports. "Jo" is fortunate in the fact that she has a job in the Nickles Bakery office waiting for her when she graduates.

JERRY RADER: Jerry is one of the fortunate people taking chemistry in the general course. He even claims it is his favorite subject. Jerry has made no definite plans for after graduation; he thinks Uncle Sam will do it for him. **BONNIE REED:** Bonnie takes the general course with English ranking as her favorite subject. She is a member of S.R.C., S.S.S.C., and has done a fine job presiding over Blue Tri for three years and Pep Club for one. Next fall she plans to take a buyer's course in college. **JAMES REGULA:** "Stretch," not to be forgotten for his technique of making the points add up on the basketball team, says that basketball is his hobby. He especially likes algebra in his general course; he belongs to Hi-Y, M Association, the baseball and basketball teams. Next year he is going to college. **JOHN RENCH:** "Johnny" is one of those amazing people who choose physics as his favorite subject. He is enrolled in the general course; he likes to read. In the fall he plans to attend college. **CHARLENE RHODAS:** "Burpy" enjoys bookkeeping more than any other subject in her commercial course. She is affiliated with G.A.A., S.R.C., the Pep Club, and Blue Tri. She thinks she is qualified for stenographic work. **ERMA RHODAS:** Short character sketch: Some people call her "Burma Roads." She is taking the general course; her favorite subject is home economics. Her hobby is collecting souvenirs. She plans to work in a store after graduation. **VIRGINIA RICE:** "Ginger's" vitality and liveliness must have something to do with her nickname. She can always be seen rushing to biology because that is her best-liked subject. She keeps busy cheering with the Pep Club, swimming with the Swan Club, and bowling. Her ambition is to be a nurse; we are sure that she will make a good one. **FAYTHE RICHERT:** "Faye" attends all the G.A.A. and S.R.C. meetings. She seems to be an outdoor girl with hiking and swimming as her special joys. She isn't quite sure about her post-graduate plans, but they are centered around either nursing or stenography. **GEORGE RIDENOUR:** George will be remembered for his excellent portrayal of the sinister title role in Uncle Harry. science to other subjects in the general course. He belongs to the Pep Club. **BETTY WYNN:** It is not hard to see that Betty really earns her nickname of "Shorty." She is preparing for stenographic work by taking the commercial course. Here she finds that typing and shorthand are her best-liked subjects. She belongs to Blue Tri; her hobbies are skating and dancing. **JAMES YOUNG:** Jim seems to like outdoor sports with sailing, camping, and hiking at the top of his list. Football, Hi-Y, wrestling, and Photo Club are his activities. He is taking the general course with math as his favorite subject. After graduation he plans to go to George William College in Chicago. **ALBERT ZIEGLER:** "Al" always rushes to plane geometry class since that seems to be his best-liked subject. He is enrolled in the general course. His post-graduate plans have not yet been completed. **MARJORIE ZIEGLER:** Many miles has Marge walked in her role of head majorette in the band. Not satisfied with this activity alone, she has been associated with Blue Tri, Leaders' Club, G.A.A., Pep Club, and S.O.P.C.; in her spare time (?) she collects coins. She is anticipating life at Ohio State University. **HELEN ZIVKOFF:** Helen chooses French as her favorite subject in the general course. She belongs to G.A.A., Swan Club, Blue Tri, and has capably presided over the Leaders' Club this year. Sports are her hobby. In the fall she plans to attend Michigan State University. **NANCY GILES:** is preparing herself for college by taking the academic course; here her best-liked subject, as well as her hobby, is music. She has been affiliated with Choir, Blue Tri, Pep Club, and G.A.A.

JOHN HORST: Jack, who claims checker playing as his hobby, is in the general course. Trigonometry is his best-liked subject, and he plans to take lots of it in studying engineering at college. Jack is affiliated with the Hi-Y and S.O.P.C. **LLOYD LUCAS:** Lloyd left M.H.S. for the Navy, Sept. 5, 1945. **GERALD WYATT:** Jerry enlisted in the Navy with Lloyd and left with him September 5, 1945. **ROSE ANN PRIBILSKI:** Rose is particularly partial to shorthand in the commercial course. Blue Tri claims her as a loyal member; in her spare time she can often be found at the skating rink practicing fancy twirls. After graduation she wants to become a bookkeeper. **ANGELO TADDEO:** Angelo, sometimes called "Tadpole," says math is his strongest subject in the general course. He was a very capable captain of this year's football team as well as one of the strongest backfield players. Football and golf are his hobbies. **ALVIS TILLMAN:** Alvis takes his studies in the general course, where mathematics is the subject in which he shines. Singing with the choir takes up much of his time, and woodworking is his hobby. **JAMES VOYICK:** Jim, who has not been back very long from the Merchant Marines, has resumed his studies in the general course. Here he finds himself very fond of mechanical drawing. **CHARLES TAYLOR:** Charles is preparing to be an electrician by studying hard in the vocational course. He belongs to the Vocational Club, the V Club, and the Rifle Club. After school hours he likes to fish and to bowl.

One hundred classes have come and gone since the origin of Mansfield Senior High School. We, the seniors of 1946, claim with a little prejudice that our class could rightly be at the top of this list. Of course, there are ways in which we have fallen down and failed our duties; but perhaps we can leave with the teachers and underclassmen memories of many victories and tasks accomplished. We hope that the underclassmen have observed our mistakes as well as our successes and that their senior year may be made a little easier by avoiding what we have done wrong. We could then feel that we have really made a worth-while contribution to the school.

We should like to take this opportunity to thank the teachers who have willingly offered their guidance. May we someday have the opportunity to show them how much their instruction has meant to us. With that thought we say goodbye to M.H.S. with a little sadness in our hearts and at the same time with joyous anticipation of the great adventures ahead of each of us.

A Brief History of the Mansfield School System

When the early settlers came to Mansfield, they brought with them a great eagerness for education, which they had acquired from their New England fathers and neighbors. This enthusiasm early manifested itself in the establishing of schools, the forerunners of the present highly-developed system in our city.

It is generally believed that the first one of the township was taught by Andrew Coffinberry, who was perhaps related to the George Coffinberry, whose log cabin was the first house to be built in territory later to become Mansfield. Mr. Coffinberry's school was sustained, as was the case with most pioneer institutions, by voluntary contributions. The system was this: someone would agree to teach and would set the terms under which he would instruct, each pupil paying a sum for the services rendered.

Among our earliest buildings was one erected by popular subscription at the Big Spring (opposite the present Bushnell School) in 1818. Somewhat later another was built on land at the corner of Fourth and Mulberry Streets donated by General James Hedges.

At first there were no organized districts, each building being under a different management and completely independent of the others. It was not until March, 1846, that the council was petitioned to divide the city into separate districts; in April of the same year it passed the ordinance creating these three districts: No. 1, the Big Spring; No. 2, the schoolhouse later occupied by the Normal School at the corner of Flint and South Diamond Streets; and No. 3, the Red School House at Fourth and Mulberry Streets. At first the year consisted of forty weeks. Later it was reduced to thirty-eight and finally to thirty-six.

As the pioneer system was rather inefficient, in 1855 Mansfield organized under the state statute of 1852 providing for the gradation of the school and elected their first Board of Education. The first superintendent was Alexander Bartlett, who was also principal of the new high school, which had been organized at the very beginning of the classification; however, the first class was not graduated until 1862.

Since then there have been one-hundred classes to graduate from Mansfield High School. In that time 9,266 people have received diplomas in classes varying in size from three in 1862 to 343 in 1944, the largest one to be graduated from our system.

THE MANHIGAN

The first yearbook of the senior class of Mansfield Senior High School was published in 1898 under the name of the *High School Annual*. This was paper-bound with twenty pages and was not illustrated except for a few cartoons, a photograph of the school, and one of the track team. In 1899 another volume called *The Breeze* was put out; in that year also was printed a school magazine called *The High School Quarterly*, which name it retained until 1905, when it assumed the name of *The Moccasin*, appearing five times a year.

The Moccasin lasted until 1907, when the first and only volume of *The Oracle* was published. This was the first true yearbook of the school. The following year, however, the name of *The Oracle* was dropped; from then on for a long time it was known as *The Annual* or the *Mansfield High School Annual*. It was not until 1924 that the book was called *The Manhigan*. This name was suggested by Miss Dorothy Eakin of the class of 1925.

The earliest copies had paper of mat covers and were considerably smaller than now. In 1908 the annual first assumed the proportions which it has, with four exceptions, retained to this day; in 1925 it had its first hard leather binding.

The difficulties involved in producing a yearbook are easy to underestimate and the staff, usually chosen the year preceding, works from the first week of school until class day preparing this book. Generally each staff member is required to work out and submit to the editors a dummy plan. A finished book is usually a synthesis of the best ideas from these forms. Much time and energy is expended on the writing and editing of large quantities of data and collecting the great number of pictures and other illustrations necessary. These must be carefully cut to proportion, mounted on pasteboard, and sent to the engraver. From the engraver the staff receives two sets of proofs, one of which is pasted in the dummy sent to the printer and one for that kept by the staff. After the printing is completed and proofed, and this takes some time, the books are sent off to the binders, who then send them to an exhausted staff to be distributed to the student body.

THE HYPHONERIAN

Twenty-seven years ago on February 18, 1919, the first issue of *The Hyphonerian*, the voice of the school, came off the press under the auspices of the Ayksosis Club of the high school. This newspaper of Mansfield High School was a small four-column, four-page paper, about twelve and three fourths inches long and ten inches wide. Paul Hursh, Paul Watts, Edward Dann, and Gus Fox were the associate editors; Harry Karcher was business manager; and Miss Bertha Ruess was faculty advisor.

Through the years "The Hypo" has increased in size as well as in variety of material; for a long time it has appeared in its present form -- a five-column, ten-page paper which until World War II has been published regularly every two weeks. At the present it is being edited by Verna Beth Graham and Anne Tracy, seniors. Mary Anne Bahl is the business manager; Jack Gaff, associate business manager; and Miss Bertha K. Patterson, faculty advisor.

THE DRAMA

A long-established precedent was broken this year when the senior class presented its play in November instead of in the spring, in which tradition would have placed it. Mr. Heasley, head of the speech department and director, thought this advisable because there are always many other interests and distractions during the spring months, that full devotion to the cause cannot be given.

The play, Thomas Job's **Uncle Harry**, straight from a successful Broadway run after being made into a popular motion picture is a fast-moving melodrama about a man who is driven to murder by his domineering sisters and who lives out his life in misery and torment because he can convince no one of his guilt.

It was given on the morning of November twenty-eight before a large and responsive student audience and again on the evenings of the twenty-eighth and twenty-ninth for the adults. It proved to be an unusually smooth and professional performance, acted and directed with real distinction.

THE DRAMA

A play is just as good as its cast and its director; so during the course of the rehearsals these sometimes highly individualistic and distinctive personalities must merge their separate egos into the common endeavor of producing what will be, perhaps, a work of art or at least an evening of theater. This unity is not an easy thing to achieve and is particularly difficult when the actor has had no previous experience in the drama. It is for that reason that Mr. Heasley urges all those who aspire to roles in the senior play to take some speech work here at school. He assures all such that by so doing their chances of being successful will be greatly enhanced.

However, there is more to the production of a play than actor and director, important as they are. There must be a large and efficient production staff, consisting of prompter, business managers, advertising managers, a property committee, and ushers.

A very vital link is the stage crew, that hard-working band that is responsible for the sets of all school plays, for assemblies, and for class day. Theirs is the world of flats and cyclaramas and baby spots and all of the devices of lighting and background to which the theater owes much of its effect and glamour. In *Uncle Harry* this group had to make six complete scene changes, none of which took more than three minutes, so saving much wear on the nerves and patience of the audience. Thank you, boys.

THE DRAMA

The work of the speech department is manifold, embracing a very large section of the wide range of artistic and practical endeavor in which is utilized the human voice.

It is possible to major in speech work, either public speaking or dramatics. Public speaking offers the student a year's course in these different phases of speech: enunciation, pronunciation, debate, and impromptu speaking. Students are given practical experience by introducing assembly speakers, giving talks on such subjects as the school bond, an occasional public speaking assembly, and the like.

The speech activities class, composed of sophomores, concentrates on readings and general speech work. Last year they gave the Christmas program at the Women's Club.

The advanced dramatics class gives one-act plays in assemblies, and studies more deeply into the intricacies of dramatic forms and techniques.

Considerable attention is given to the preparation and delivery of readings and declamations. Those working at this frequently perform before local organizations, such as The Parent Teachers' Association and the American Legion.

Readers have an opportunity to compare their work and abilities with those of thirteen other Ohio schools in the contests held in Lima by the Ohio High School Speech League, in which this year John Bishop won two firsts and a second in humorous declamation with his own cutting of *Three Men on a Horse* and became eligible to go on to the state contest. Several years ago Ronald Kern won first place in the state in this field.

The department also enters one-act plays in the Ohio State University drama festival held at Derby Hall. This year with Lewis Beach's *The Clod* Mr. Heasley's actors and actresses won the citation, "very superior", from the judges. The department has thus far won three firsts out of four entries in tournaments of this kind of drama.

The senior class play is, of course, a very big event in the speech year. It is generally required that one who wishes to be chosen as a member of the cast has had some previous speech experience. Some particularly conspicuous successes have been *Vanity*, *The Youngest*, *Icebound*, *Ladies of the Jury*, *The Enemy*, and *Our Town*.

The large cast of thirty in last year's performance made something really memorable of a drama presenting exceptional histrionic difficulties. It was *Stage Door* by Edna Ferber and George S. Kaufman with a script of the type which could easily have been mouthed to ruin by a cast less competent than that one which the drama department provided and might have become quite unintelligible under less deft direction than that of Mr. Heasley.

THE A CAPPELLA CHOIR

Prior to the formation of the choir, the chief vocal activity of the high school was the mixed chorus, the last director of which was Mr. J. Merton Holcombe. This group, however, ceased to function after Mr. A Lemoine Derr in September of 1930 organized the A Cappella Choir. In the years since its inception, it has grown from 60 to 134 active members and has become one of our most important groups.

The first year that the choir appeared publicly as an a cappella organization, the operetta, In Old Vienna was produced; the second year robes were purchased. Activities from that time to the present have been confined to concerts with considerable emphasis on work in ensembles.

Mr. Derr — "Sing!"

CAROLLERS

Row One—Marian Gilbert, Jean Miller, Martha Kinkel, Marilyn Green.

Row Two—Ann Parsons, Jane Manz, Muriel Morton.

Row Three—Richard Parsons, Earl Auxter, Bob Frere, Bud Crum, Max Clay.

In addition to its spring concerts, which are always enthusiastically received, the choir also presents longer choral works, such as *The Seven Last Words*, often with outstanding soloists. For their Christmas program they performed a portion of *The Messiah* with Robert Marshall and Kathleen MacIntosh in solo roles; shortly after that came the WTAM orchestra, sponsored by the choir. On April ninth the members gave their spring concert; then on the twenty-fourth they sang at the choir contest at Fremont. May fourth they went to the Bowling Green contest, and on May sixth to celebrate Music Week they gave special concerts at the junior high schools.

The choir, dedicated to fostering good music in the community and singing artistically a balanced musical repertoire, is formed for the most part from former members of the junior high school glee clubs, students having no background in such clubs being required to pass a test in rhythmic ear exercises.

CHOIR OFFICERS

Row One—Erma Jenkins, Nancy Giles, Muriel Morton, Patty Metcalf.

Row Two—Earl Auxter, Joe Dech, Bud Crum.

This group is a model of student organization. Officers are chosen each spring by the choir itself; to these officials, (president, vice-president, secretary, robe chairman, student manager, and student director) falls the task of handling all of the many activities.

In the first fifteen years of its existence the a cappella choir has performed an invaluable service in presenting before local audiences the best of vocal ensemble music. The school and the community stand greatly in its debt.

THE BAND

DRUMS—Eugene Traxler, Eugene Eyerly, Mary Ann Maple, Joseph Damoff, James Day.
SOUSAPHONE—Edwin Lockwood, Martin Weissbarger.
TRUMPETS—Frank Milliken, Donna Bender, Margaret Griffith, George Karnavas, Charles Young, Harlan Laser, Bob McCready, Jim Stevenson, Don Adams, Jim McGraw, Verlon Essig, Bob Richardson, Marilyn Baker.
CLARINETS—Margaret Hoff, Herbert Davis, Keitha Sowash, Caralou Casto, Don Scott, Joyce Hargo, Bill Miller, Ruth Schaaf, Jeanette Schafer, Doris Jacobs, Eleanor Brinning, Dorothy Porter, Jim Kochheiser.
FLUTES—Hazel Hockett, Pat Herr.
SAXOPHONES—Dorothy Foose, Beverly Shipley, Elmer Croushore, Louise Allen, Norman Henry, Catherine Donley.
TROMBONES—Elnora Tinkey, Bob Catlett, Richard Griesbach, Earl Wendland, Dick Cook, Paul Jackson, Ward Fate, Wayne McFarland.
CYMBALS—Ruth Copeland.
GLOCKENSPIELS—Joann Cowger, Marilyn Worthley.
MAJORETTES—Marge Ziegler, Agnes Schmidt, Verleta Ulery, Frances McCarrick, Louise Smith, Bee McCune, Alverta Smith, Phyllis Schwab, Dolores Keck.
DRUM MAJOR—Bob Them.
FLAG BEARERS—Ruth Nan Miller, Joan Pfahler.

THE BAND

Since its founding in 1922 under the auspices of the Rotary, Kiwanis, and Exchange Clubs, which supplied the funds to employ instructors, the band has become one of the most valued of our high school institutions. Membership is open to all, and instruction in some instruments is available to those who have had no previous training, but who want to play.

The organization is interesting. The majority of the members are the musical equivalents of buck privates; they are under a student hierarchy chosen by the director whose ranks are sergeant, lieutenant, and captain. Each sergeant is in charge of one marching line; the lieutenants rank above the sergeants; and the captain is second in command only to Mr. Holcombe. The officers among other duties take care of the uniforms.

BAND OFFICERS

Jim Day, Herbert Davis, Edward Lockwood, Joe Damoff, Doris Jacobs, Bob Them, Marjorie Ziegler, Verlon Essig, Jim McGraw, Wayne McFarland.

"ACROSS THE FIELD"

THE BAND (Continued)

The band is really two in one -- a marching band, which works in parades and performs in formation at football games; and the regular group, which has a more varied repertoire of music. The members of the marching band, which generally makes at least one out-of-town appearance a year, is out on the field every morning at seven during the football season.

A very important group connected with this organization is the Band Parents' Club; it is in charge of the management and distribution of funds. There are many covered dish suppers and a banquet during the year for all members and their parents. The most important source of revenue is tag day; this is a Saturday designated for the placing of band people in strategic places in downtown Mansfield, at which time they sell tags which demonstrate that the public has contributed.

The war years were particularly busy ones -- in addition to their regular service for all football and basketball games and for pep assemblies, they played for soldiers leaving for camp, for patriotic parades, and for celebrations, such as V-J Day, Armistice Day, and many other civic events.

One can scarcely overestimate the contributions the band has made to the community, not only in arousing enthusiasm at games but in developing an appreciation of better band music.

"Leaders of the band"

The drum major and majorettes perform the not insignificant function of adding color and glamour to band activities. Spectators are ever fascinated and amazed by the ease and dexterity with which they twirl their silver batons while executing difficult drills.

At the end of every year Mr. Holcombe appoints one of the majorettes to the post of head majorette for next year. It is the duty of this girl to select drills, routines, etc., and rehearse the rest in them. After an audition of girls who desire to become majorettes, she chooses those best equipped to serve with her. Majorettes receive Band M-letters in their senior year, and are given stripes for the number of years they have served. Batons and other equipment are furnished by the Band Parents Club.

THE ORCHESTRA

The orchestra, which joined the ranks of the associations of Mansfield Senior High School at the same time as the band and under the same generous sponsorship has made great strides and has come to occupy a position among the school's cultural activities. With membership open to all capable student musicians, it gives a concert each year for the Christmas party for crippled children at the Mansfield-Leland Hotel and provides music for the senior class play and for Commencement.

After twenty-four years of existence the orchestra looks forward to reaching even greater artistic heights and expanding yet further their activities. In this they have the best wishes of the school and the community.

THE BLUE TRI

The girl reserves (the local group is called the Blue Tri) is a development of the Y.W.C.A. movement, started in England from the merging in 1877 of the Young Women's Christian Association (which had been founded in 1855 as a Saturday-evening prayer society under the name of Prayer Union modeled after the newly-formed Y.M.C.A.) and the Girls' Friendly Society. In 1866 this first group had become established in this country in Boston. In 1906 the national body was organized.

A group in California in 1881 began to admit younger girls, at first limiting activities chiefly to Saturday morning gymnasium classes. Then after World War I the Girl Reserve movement began. The purpose of their program is to contribute to world fellowship and to help the Y.W.C.A. in other countries.

THE BLUE TRI (Continued)

With membership open to girls of all races and creeds, there are now approximately three hundred thousand members. The first Blue Tri of Mansfield was founded in 1921 with headquarters over Colby's garage. Since then the organization has prospered and grown to take its proper place as a good and healthful influence in the lives of the girls.

The name is derived from the symbol - a blue equilateral triangle in a circle. The triangle stands for an individual member -- the sides being body, mind, and spirit; the circle represents the world.

THE BLUE TRI (Continued)

Their aims -- those of the Y.W.C.A. -- are the following: "To build a fellowship of women and girls devoted to the task of realizing in our common life those ideals of personal and social living to which we are committed by our faith as Christians.

In this endeavor we seek to understand Jesus, to share His love for all people, and to grow in the knowledge and love of God."

Something Sweet -- Something Hot

The Hi-Y movement was started over fifty years ago in Chapman, Kansas, by boys who wanted a Young Men's Christian Association in the high school. The wording of its purpose, "to create, maintain, and extend throughout the school and community high standards of Christian character," was adopted in 1913.

Since 1936 four congresses have been held. The organization here sent representatives to the last of these meetings which "give Hi-Y boys and leaders a program designed to emphasize their social responsibility in the world at large."

Row One—Hunt Brown, Bob Richards, Dick Ziegler, Hugh Meilinger, Clark Brook, Lowell McCracken, Jim Lowry.

SOPHOMORE HI-Y

The Hi-Y slogan is the following:

CLEAN SPEECH: The Hi-Y boy believes in clean speech and practices it. He avoids profane and smutty language.

CLEAN SPORTS: The Hi-Y member stands for clean sports. He plays the game cleanly and fairly. He would rather be a good loser than win unfairly. He practices the golden rule.

CLEAN SCHOLARSHIP: The Hi-Y boy believes in and practices clean scholarship. He does not cheat in examinations nor assignments, believing he must stand on his own merits. He does his work carefully and to the best of his ability.

"Business -- As Usual."

THE INTER-RACIAL YOUTH FORUM

Founded December 3, 1943, the Inter-Racial Youth Forum attempts intelligently to study, discuss, and debate the religious, social, and economic problems of the different minority groups.

Any high school student can join this group, which brings speakers to Mansfield; gives assemblies; sponsors displays on the contribution of minority groups to our civilization; has round table discussions and debates; and visits different churches in order better to understand the various faiths.

Organizations of this sort among the youth of America are reassuring to those who dream of a really democratic country, true to the high ideals of our country's founders. By helping in developing an unbiased and impartial viewpoint toward the different races and faiths which make up our nation and our world, they are performing a very real service to themselves and to us all.

THE SOCIAL SCIENCE SERVICE CLUB

Organized in 1926 with Pete Keith as its first president, the Social Science Service Club aims to train high-school people to take their places in the service clubs of this city. It co-operates with the Red Cross, Community Fund, Health Seal, and March of Dimes. To them falls the annual task of decorating the Christmas tree; they also sponsor a picture show, *Home in Indiana* being this year's cinematic offering. In general they try to stand ever ready to make our city a better place in which to live. Their motto, "Serving for Others", is indicative of the lofty principles of their unselfish devotion to suffering humanity.

SOCIETY OF PROSPECTIVE COLLEGIANS

This senior group was organized by Mrs. Emma Waring Gilbert in 1939 for the purpose of helping seniors who want to go to college to make more intelligent choices of colleges by familiarizing them with a large number of such institutions. To this end members are given opportunities to talk with representatives of various schools and to participate in the forum meetings of the association. At their disposal they have also considerable information from their files and Mrs. Gilbert's own wide knowledge of the subject. Most of the work is done individually but the society does unite for a tea each fall for the members and their parents.

THE VOCATIONAL CLUB

The Vocational Club, the purpose of which is to promote and maintain good fellowship among the students of the various shops and to promote any worthwhile movement that will benefit the school as a whole, was organized in 1930 by a group of twenty students of the vocational department with a former faculty member, the late Mr. Alfred Chabourel, as the first advisor.

Mr. C. A. McClure, its present advisor, says that anyone in the department is welcome to become a member and may continue as such as long as he complies with the rules and regulations and keeps his dues up-to-date.

Members of the club hear lectures on various trades and industrial subjects by men from local industries; see industrial movies; and hold skating parties and dances. Their big social event is a picnic held at the end of the year.

STUDENT REPRESENTATIVE COUNCIL

The S.R.C. is an organization created by the student body with representatives from all three classes. Its purpose is to promote better relations between the students and the faculty, to promote the general welfare of the school, and to encourage student responsibility.

A representative and an alternate are elected in each home room. To be eligible to serve as a representative, one must maintain passing grades while carrying a normal amount of subjects, be reliable, have a satisfactory attendance and deportment record, and take an active interest in the school.

The council has the power to enact any legislation for the general good of the student body. However, all legislation is subject to veto by the principal.

ART DEPARTMENT

Somewhere in the art department there is a course to meet the interests, needs, and talents of every Mansfield Senior High School student. By training and developing these afore-mentioned qualities, art contributes its part in making the student a well-rounded personality, one who is well fitted to take on the responsibilities of citizenship in a democracy.

Art De

The character of the community is molded by public taste; art training in the schools is an important factor in raising the general standards of taste. Those students in the center picture on the right are being introduced to a variety of projects. In learning by doing, their appreciations, tastes, and skills will be improved.

Fewer than one per cent of us become artists, but all of us will become art consumers; therefore, in order to know how to purchase more wisely, a knowledge of art principles is essential. The girls in the upper right-hand picture are learning more about how to make the most of their appearance by proper dress to suit their personalities, figure types, coloring types, and their budgets. The group in the class in interior decoration pictured in the center left is learning how to apply the principles of good design and coloring to make their homes more livable and attractive.

The fine arts can be a stepping stone toward a multitude of professions or occupations. The merchant who can advertise and display his merchandise attractively is very apt to be more successful than one who cannot; hence the group in the lower right-hand corner with the posters are better equipping themselves for various jobs or professions. Surgeons have found that shaping and modeling clay can give strength, a sense of direction, and a sensitiveness to the hands. Thus the student in the lower left-hand picture is gaining other values in addition to creating an attractive piece of work.

The group in the middle picture at the top in the center row is learning something which will be of value for leisure time or which may lead to a career. A sense of satisfaction and pleasure can be derived from drawing and painting.

FUTURE RETAILERS OF MANSFIELD

The Future Retailers of Mansfield was organized in 1941 by Mr. J. C. Stout. The members, past and present, are students of the Distributive Education classes. The aim is to promote better sales services. Social activities, parties, dinners, and dances are sponsored by the group. Those who belong, pictured above, are receiving invaluable practical experience in the world of business. The net earnings of pupils working part-time during the month of February, 1946, was well over one thousand dollars, from which may be gathered the extent of such activities. These people, by their training and experience in theory and practice make great contributions not only to their own well-being, but to that of the community.

STEP RIGHT UP, GIRLS

THE GIRLS' ATHLETIC ASSOCIATION

The Mansfield Senior High School group of the G.A.A. was organized by Miss Mary Virginia Sellers in 1929 shortly after the establishment of the national association at John Simpson Junior High School.

To promote its purpose of getting more girls interested in sports, the G.A.A. sponsors the girls' intramural activities. It also has charge of the concession stand during the basketball season. The year's biggest event is Play Day, at which time the names of the new officers are announced.

To enter G.A.A. -- and all girls desiring to belong to outside teams must do so -- a girl must earn one hundred points or more by participating in one of the tournaments, by hiking, swimming, bicycling, and the like. They are officially entered as members at the initiation banquet, which is held in December.

THE LEADERS' CLUB

The Leaders' Club was organized in 1942 by Miss Lola Stephenson in order to show girls how to help the teacher while learning themselves.

It is an honor club with a membership limited to thirty; the girls are chosen for sportsmanship, scholarship, ability to lead, and dependability. They are accepted by the vote of the members and are given a class in which they are to aid with the instructing. Their chief activities are the organization of teams to play out of town and the picnic at the end of the year.

THE PEP CLUB

The Pep Club was organized in the autumn of 1939 for the purpose of encouraging our teams at athletic events. After a year the group disbanded and was reorganized in 1943 by Mrs. Margaret Conrad. Officers for 1945-1946 are, President, Bonnie Reed, and Treasurer, Dick Koozier.

FIRST TEAM OF 10 JUNIORS, ONE SENIOR WIN FIVE; LOSE FIVE

With a big, but inexperienced team coming to Snyder last fall, the Tygers were rapidly developed into a first-rate power, their only trouble being their inexperience, for they lacked nothing in speed, weight or fight. Among their five losses were four close games which could have gone either way had the Tygers been

LEFT TO RIGHT—VERN HOFFMAN, JIM LYMPER, PAUL SNYDER (HEAD COACH), HARRY MEHOCK, FRED STAUB

a little more skilled. The Tygers, playing some of the toughest schoolboy elevens in Ohio, including the mythical state champions, Toledo Waite, won their five games by an average of 27 points, while losing their other five games, including the Massillon onslaught, by an average of only 14 points a game. The football coaches are to be praised for

the work they did with a team of underclassmen and with the record, which is much better than what it appears on the surface, that they have behind them. The Tygers are expected, and probably will go far next year to become one of the powerhouse teams of Ohio.

HOW THEY FARED —

Mansfield 37—Marion 0

Mansfield, invading Marion for the first game of its tough schedule with a big but supposedly green team, rode merrily roughshod over the Harding Presidents. Ralph Majors, who did not even get to start in the fray, proved to be the back-field star by running repeatedly over the Marion team. He got 2 touchdowns in the first quarter; Cline got 1, although he had raced 74 yards behind beautiful interference for a score, only to be called

back on a holding penalty. In the second half Majors scored 1 touchdown and set up another by literally snatching the ball out of a bewildered Marion receiver's hand and returning it 36 yards. The hapless Presidents were scored on by even the Tygers' second team in the last quarter. Sparked by little Jack Brandt, the reserves pushed across a tally to conclude the scoring.

Mansfield 18—Cleveland East 7

Five thousand fans showed up for the game with East, and the Tygers did not disappoint them. However, the Clevelanders had a good ball club and threw a scare into the Tygers before going down in defeat. They controlled the first half of the fray and led 7-6 at half-time but gave way to a barrage of Tiger power in the second half. All

3 of Mansfield's touchdowns were set up on passes, 2 thrown by Cline and 1 by Majors. Majors was again the Tygers' most consistent ground gainer, and as for the linemen, although the services of Dave Wentz were direly missed, they repeatedly outplayed and outcharged the Cleveland line.

Mansfield 6—Sandusky 15

The Blue Streaks were waiting with revenge in their hearts for the Tygers; under a steady down-pour of rain they succeeded in defeating the fighting Tygers, who could not get started and seemed to be the victims of all the bad breaks. A 22-yard touchdown jaunt by Ken Horvath in the second quarter was the only bright spot in the game, but the Streaks' lead of 7 points in the first half alone was enough to win the game for them.

KENNY HORVATH, FB

Mansfield 19—Portsmouth 6

A highly-touted Portsmouth club was unfortunate enough to meet the Tygers when they were really out to win. Our squad put on a fine exhibition of football to the home town fans, and they really deserved this victory. Mansfield had the best eleven and completely outshone the river boys in every way. Every member seemed to play almost perfectly as the team really clicked as a real team should click. The first 2 Tiger touchdowns should be credited to Ollie Cline, who set 1 of them up on a long, beautiful boot, and the other on a flat pass. Horvath and Majors set up the third touchdown on their fine running, with Horvath carrying the ball over and then plunging for the only extra point.

Mansfield 41—Springfield 6

The Tygers again played an almost flawless ball game but this time over a weak team from Springfield. Ken Horvath proved to be the individual star as he ran at will over the Wildcats to score 5 of Mansfield's 6 touchdowns, 2 of them on 72 and 74 yard runs. Nick Gagich, the Tyger place kicker, also showed up fine as he booted 5 out of 6 attempts for extra points through the uprights. Playing such a poor team before a team like Massillon had ill effects on the Tygers because they became too confident and regarded less highly than they should have the powerhouse of Massillon.

Mansfield 6—Massillon 40

Later proved to be one of the best teams in Ohio, the Massillon team really showed power in deflating our Tygers before nineteen thousand people. The Tygers were not quite strong enough to hold back the onslaughts of the Massillon eleven as the Tygers rolled up a 21-0 lead in the first quarter. They were far more experienced than Mansfield's Tygers, and not only did they completely run over the inferior eleven, but they also left our team in poor physical shape. They dirtied Cline up when he attempted passes and kicks so that he had to be taken out for the entire second half. He did, however, manage to get a pass away to Amsbaugh for our only tally. The whole team was badly beaten up, and Jim Sinerson was put out of action for the remainder of the year.

Mansfield 7—Canton Timken 13

Not fully recovered from the Massillon tilt, the Tygers lost to a mediocre Canton team under the stadium lights at Mansfield. With 13 points virtually donated to them in the first half, the Canton club luckily got this victory by capitalizing on all scoring chances and by meeting the Tygers when

they were not physically or mentally up to standard. The Tygers were stopped on 1 touchdown march by the half-time gun and picked up their 7 points at the beginning of the second half on a plunge by Ollie Cline after coming from Timken's 33.

Mansfield 12—Toledo Waite 27

Supposedly the State champions, Waite did not prove to be such a formidable foe as Massillon was. After amassing 27 points in the first half, the Indians were lucky to get out of the fray with their scalps. They made most of their gains on passes and if our defense on this had been better, we might have knocked the state champions off their high horse. In the first three periods when all the scoring was done, Mansfield had gained 221 yards, and Waite had marked up only 198, mostly by pass-

ing. Right after Waite's first touchdown the Tygers drove 71 yards to the Toledo 9 yard line, only to lose the ball on a costly fumble. On a 17 yard run a little later, Horvath placed the pigskin on the 1 yard line, from where Cline carried it over. The other tally came from a 7 yard skirt by Majors after Cline had run a kick-off back 38 yards. Also notable in the statistics department is the fact that Mansfield got 10 first downs to but 6 for the "state champs."

Mansfield 32—Lima South 6

The Tygers finally broke back into the win column by downing a big but slow team from Lima South. For the first time this year the Tygers scored on the opening kick-off with Cline racing 90 yards for the score. From there on in, it was easy; the Tygers without much effort overcame the South eleven. Angelo Taddeo at blocking back and Ray Beard at

tackle both played a whale of a game again and are to be commended for their work, for they never failed to make it tough for the opponent. Kenny Horvath was back in form again and scored 2 touchdowns, 1 on a 55 yard jaunt off tackle. Otto Schmidt and Cline accounted for the other 2 touchdowns.

Mansfield 7—Martins Ferry 12

A big man by the name of Ralph Short and a bad case of fumbleitis contributed heavily towards the Tygers' defeat in the season finale. Our boys were playing anything but heads-up ball and lost on their own blunders. The injured-man play, used in the final game last year with an equal amount of success, accounted for Mansfield's lone tally,

with Horvath as the goat and Cline carrying the ball without a hand being laid on him for 36 yards. Angelo Taddeo and Otto Schmidt played their last high-school football game, and Otto fell short of his third touchdown of the year by 1 yard after racing 45 yards by all but one Ferry player. This touchdown would have won the game for Mansfield.

TYGERS LOSE IN DISTRICT FINALS; DICK BURTON GAINS BERTH ON THE ALL-OHIO FIRST TEAM

Although the Tygers won but 15 of their 22 games this season, their record is better than it appears on the surface. Of their seven losses only two were by a margin of more than 3 points. Of their 15 wins only 3 of these were by a margin of fewer than 5 points; all other victories were won by a margin of 14 points. With only two regular scorers, Dick Burton and Jim Regula, what the Tygers lacked most was all-round scoring power. Burton and Regula were the only ones to finish with more than 100 points to their credit, Burton ending with 332 points for an average of 15 points, and Regula with 287 for an average of 13 points. Almost invariably if one of these two were not on Mansfield would lose the ball game. Ollie Cline always played good steady ball, but he averaged only 4 points a game. Louis Snavely excelled on defense and handled himself well around the backboards and in teamwork; but he averaged only 3½ points. Not until the fifteenth game of the season did Ralph Majors join the starting team; he proved to be a great help by contributing about 8 points every contest. Bob Glasscock began in the first 14 games and averaged about 5 points. The most frequently used substitutes were Sisco and Robfogel, with Adams and Rowe backing them up. Next year with the main part of the squad gone, Hoffman is going to have to depend on the reserve team and the varsity members -- Cline, Majors, Robfogel, Sisco, and Gagich.

VERN HOFFMAN

THE RECORD —

Ahead 47-39 at the beginning of the final quarter, the Tygers failed to pull through when Elyria connected on almost every shot in the last stanza to eke out a 57-55 win. Regula was high point man with 18 points, though he played but two quarters, and Burton was second with 12 points. . . . Taking the lead from Wapakoneta in the first quarter, the Tygers kept it comfortable all through the remainder of the game and won 42-29. Dick Burton with 16 points, and Regula with 13 led the Tygers to their first cage victory of the 1945-46 season. . . . With Regula accounting for almost half of the Tygers' score, the MHS cagers grabbed their second victory in as many nights' play by downing a fighting Columbus East quintet 47-38 before an overflow crowd of 1700 in our gym. . . . The Tygers couldn't get started in the large Cleveland Collinwood gym where their fast break was almost valueless, but their defense proved too much for the Cleveland quintet, and they managed to pull through by a 2-point margin in the lowest scoring game of the season. Jim Regula scored 14 of his team's 27 points. . . . Out of cage competition for almost a month, the Tygers were not injured

so much as might have been expected, as they led a tough Lima Central quintet the entire game to win 31-22. Adams' 2 points and Snavely's 1 were the only tallies scored by other players besides the pace-setters, Regula and Burton who made 16 and 12 points, respectively. . . . Ashland played true to form, and for the fourth straight time on their own floor defeated the Tygers, 47-43. Mansfield started out fast with Regula putting in the first seven points to put Mansfield in front 7-1. Before the Tygers could score again, the A's got hot and scored 21 points, almost defeating the Tygers with that spurt alone. Ollie Cline proved to be the Tygers star by dumping in six baskets, mostly on one hand push shots, and two free throws for 14 points. . . . It took a lot of luck and a foe who also couldn't hit the hoop for the Tygers to win their fifth victory of the season over New Philadelphia. The game was not decided until the last two minutes of play when Ollie Cline dumped in 2 quick baskets and Burton 1 to end the scoring at 32-28. Glasscock got 10 points, six on long set shots, while Cline got eight, four in the crucial last two minutes. . . . The Tygers journeyed to Springfield

on a Tuesday night in seek of their sixth win, and played one of their best defensive games of the season, leading all the way to win 31-27. Burton netted 14 points. . . . Leading all the way, the Tygers gave a fine exhibition of real basketball to the home town fans as they downed Tiffin 41-27. Dick Burton, popping them in from all angles, but mostly on pivots from the circle, led the quintet with 20 points. Regula, who took the ball off the backboards with regularity, hit for 9, although he played less than half of the tilt. Reserves were used frequently in the second half, which the Tygers entered with a 14 point advantage. . . . Not much more than a scrimmage, the game with Fremont Ross was a rout from the opening minutes up until the middle of the third quarter, when the first team left the game in the hands of the second and third stringers. Burton tallied 17 points, Regula 14, Snively 9, and Glasscock 8 in the 68-48 walloping that had a half time score of 37-15. . . . The Tygers journeyed to Warren in quest of their ninth victory of the season, but instead absorbed their worst beating of the year 59-41. The antics of the Warren Club's forwards, who dumped in 39 points between them, smashed all hopes of defeating the quintet that was established as one of the best teams in the state. . . . Moving on to Youngstown after an overnight stay in Warren, the Tygers came out of their game with Chaney in much better shape than they did at Warren. This time it was they who come out on the right side of a final 44-34 score, as they got back in style again to capture their ninth victory in 12 starts. Dick Burton carried the scoring load on his next-to-hottest night of the year as he pushed in 9 baskets and 7 foul shots for 25 points. . . . Ashland, for the first time since 1936, beat Mansfield twice in one season. By capitalizing on the Tiger's inability to hit the hoop, they pulled the game out of the coals after they tied it up, having been behind most of the way, and went ahead by one point to win in the overtime, 36-35. This was the worst night of the whole year for the Tygers in the shooting department as they made but 18% of their shots. Burton made six of the Tiger's ten field goals, and nine of their 15 foul shots, giving him a total of 21 points. . . . The Marion club was not expected to put up much of a fight against the Tygers and such was the case, for Hoffman again cleared the bench of all his players. Although not expected to get in the game because of recent illness, Regula started the game, played two and a half quarters, and showed that he was back in shape again as he tallied 21 points. . . . There were probably few teams in Ohio that could have beaten the red-hot Tygers the night they downed the tough Sandusky Blue Streaks 57-42 before an overflow crowd in the cramped Mansfield gym. Dick Burton led his team and put on a great one-man show. He tallied 9 field goals and as many free shots for a total of 27 points, one point less than the record held by Bobby Baker. Not overshadowed by Burton, however, was the work of Louis Snively and Ralph Majors who both tallied 11 points. . . . Mansfield

JERRY ROBFOGEL

lost another one of those last minute thrillers when they were ahead in the last few minutes of play. Nine points behind at the half, the Tygers pulled up to within one point of Lorain with but two minutes to play. A basket by Snively and one by Robfogel put the Tygers out in front 51-48, with 90 seconds left. Two quick lay-up shots, one in the last 15 seconds, sank the Tygers, and they went down in defeat for the fifth time, 53-51. Even in

defeat the Tygers looked mighty good, hitting on 35% of their shots, the best record of the year. Burton again was the star and again netted nine field goals, but only 4 free throws, for 22 points. . . . With a 24-9 lead at half time, the Tygers had little trouble with the Lima club as they won their 13th victory in their last showing before Mansfield fans. The bench was cleared again, and in the last quarter for the only time this year

the whole second team was in the game at once. . . . The Tygers met a strong Canton McKinley at Canton, and although they fell behind in the first quarter, they came back hard in the second stanza and led at the half, 25-20. In the middle of the last quarter they were still ahead, but they got some bad breaks and lost 48-46. Burton led the scoring with 19 points.

DISTRICT TOURNAMENT

Mansfield went to the district tournament more or less the underdog and played Tiffin Calvert the second night after having drawn a bye in the first game. Calvert was no more than a Class B team and was snowed under by Tyger power. Regula broke the individual scoring record set by Bobby Baker with 29 points, and Burton got 21. . . . In the second game the Tygers downed a strong Port Clinton team 43-36 with the scoring rather evenly divided. Regula got 16 points, Burton 12, and Cline 9. . . . The next night Sandusky eliminated us from the tournament with a 53-39 beating. Everything was in their favor until they lost their star---Schnittker. It was Mansfield's luck to lose Regula a few minutes later and Burton in the last quarter. The game was close until the last part of the last quarter, and then the Tygers buckled up completely, ending the 1945-46 season.

THE RESERVES played a 14 game schedule this year under the direction of Fred Staub. They won 6 of these and lost 8; but 2 of their wins were over a team which all Mansfield fans were glad to see beaten. They defeated Ashland twice, 44-41 and 34-33, very similar to the way the varsity A's beat the varsity of Mansfield 5. Other wins were registered over Elyria, Lima Central, Marion, and Lima South. Tom Bloor paced his team with an average of about 10 points a game while Gagich was second with 7 points.

★ THE STATE CHAMPIONS ★

For the first time in the history of Mansfield the Tyger track team was crowned champion of Ohio. Boasting of no defeats in their dual meets and a tie with the runner-up of the state contest, Columbus East, the Tygers journeyed to Columbus with all hopes on three members of the squad. After winning the district meet by some 50 points, we had thirteen qualifiers for the state meet. Mehock proved his ability as a coach by deciding that all of Mansfield's hopes lay in the hurdles, the pole vault, and the broad jump. He therefore chose but six Tygers to

enter with high expectancy of them carrying the team. By the end of the long day at Columbus they emerged victorious with $23\frac{1}{2}$ points to Columbus East's 22 points. It was the first time that the state title was literally won by three men. Ivan Wallington, as in all other meets of the year, was high point man with $13\frac{1}{2}$ points. He took both high and low hurdle races and decided to enter the high jump; by making this decision and tying for fourth place, he won for Mansfield, for the $1\frac{1}{2}$ points he got for this was the deciding margin of victory. Ralph Johns tied for fifth place in the broad jump to give Mansfield a total of 14 points before the pole vault event. It was here that Ollie Cline proved his cool-headedness and value when the chips are down by vaulting 12' 2". Johnny Linta, also of Mansfield, is the only other person to ever vault more than 12' in the state meet.

What was amazing about Cline's feat was the fact that he had never gone that high before, and only once had he taken first place over Bob Wilging. The whole season he usually vaulted 11' 3", and a week before the tournament he was stopped as low as 10' 6". However, he showed in the Wesleyan relays that he goes hard only when it counts, for he vaulted 11' 9" to come in first when Wilging was stopped at 11' 3". Bob Wilging was the third main point-getter as he tied for second in the pole vault.

In the 11 meets last year he came in first 9 times. He was second in point-getting, by also winning the 100 yard dash five times, the broad jump twice, and always placing in both. Wallington won the high and low hurdles in every meet except in the Newark Relays when he was nosed out in the low hurdles, captured the high jump event 6 times, tied for first once, came in second twice, and third and fourth once. Cline always placed in the pole vault and broad jump but came in first in both events only twice -- at the Wesleyan Relays and at the state meet. In the dual meets Hartig and Marth got firsts in the shot put and discus respectively in almost every meet. George Erich was a great loss to the team when he left in mid-season, for he often won the mile and 880 yard runs and his leaving cost us about 10 points every meet.

THE TYGERS IN ACTION IN MANSFIELD'S FIRST INDOOR TRACK MEET WITH ASHLAND THE VICTIM.

Row Three—Frank Bebout, Jim Schuler, Charles Alexander, Frank Elias, Dave Boals, Ollie Cline, Harold Leppert, Bill Dormier, Cinton McAtee.

Row Two—Wilburt Burke, Dale Patterson, Wallace Cline, Don Rowe, Chuck Sisco, Bob Kibler, Ed Lockwood, Martin Bricker.

Row One—Gene Wert, Otto Schmidt, Joe Shoup, Bill McKee, Dave Moysi, Phil Woodard, Pete Vogt, Bob Baker.

If the Tygers' first two meets are any indication as to what they are going to do to the rest of their opponents, it looks as if Harry Mehock is not planning to give up Mansfield's state championship crown this year. In their first outside meet they swamped Ashland 87½ to 30½ with state champion pole vaulter, Ollie Cline, getting 13 points. Bill McKee and Otto Schmidt showed promise, as Bill won first in the 100 and 220 yard dashes and Otto second. Ollie capped the pole vault and broad jump and took second in the high jump. On the next Friday our boys met a real test and came through with flying colors. Their annual rivals for seven years, Columbus East, received the worst beating ever administered by either team. Had there not been a mix-up on Mansfield's part in the two relays, East might have been defeated more than the fairly close 65½ to 52½ score. Ollie Cline again won the pole vault, the broad jump, and second in the high jump to give him 14 points. The Tygers looked strong in all events but the high and low hurdles. Other firsts were McKee in the 220 yard dash; Moysi in the 440 yard dash; Leppert in the 880 yard run; Shoup in the mile run; Sinerson in the discus and Boals in the shot put. The Tygers have dual meets with Akron Garfield, Lorain, Ashland, Canton McKinley, Newark, and Sandusky as well as the Wesleyan, Newark, and Miami Relays before the district meet here.

LEFT TO RIGHT—Bob Kibler, Don Rowe, Pete Vogt, Dave Moysi, Harold Leppert, Bob Baker.

What is the difference between track and cross-country? Probably eighty per cent of the school population could not answer this, for cross-country is perhaps the least publicized and the least known of all the sports of Senior High. More than half of the students do not know that the cross-country boys run mile after mile over hill and dale every day for about two months in some of the most severe weather. They also do not know that these boys this year came so close to winning the district championship that perhaps more spirit on the part of the student body would have made them the champs instead of fourth in the running. Had Jim Schuler been present on the day of the meet, Mansfield would have been recognized for another championship team. With Pete Vogt coming in sixth, Dave Moysi seventh, Don Rowe eleventh, and Harold Leppert sixteenth, and with Schuler's points, which Mehock is sure he would have picked up, the team would have won the meet.

MANSFIELD'S FIRST BASEBALL TEAM IN 25 YEARS WINS DISTRICT TITLE—

With the record of losing only 3 of 15 games played, these 3 losses by fewer than 3 runs, and by gaining the district championship, the Tygers of 1945 got MHS's resumption of baseball off to a glorious start. They were beaten only by Barberton in their regular schedule, 3-2 and 3-1, and lost to Toledo Macomber in the regional tourney by only 1 run, 2-1. The boys who proved themselves to be at least one of the sixteen best teams in Ohio were, in their usual batting order, the following: Stan Holberg, 2B; Jake Gaubatz, SS; Bob Glascock, CF; Don Hardy, P-RF; Jim Regula, P-RF; Chug Floro, C; Dick Burton, 3B; Les Myers, 1B; Louie Snavelly, LF. Besides having two good pitchers, Hardy, who won 9 out of 11 encounters, and Regula, who won 3 out of 4, the team also had marvelous batting power. The whole team averaged .329, individual honors going to Regula with an average of .466, to Floro and Hardy with .428, and to Burton with .380.

JIMMY LYMPERT

GAME RESULTS

Hardy and Floro won Mansfield's first game against Ashland College as Hardy whiffed 15 batters and let in no runs, while Floro knocked in our two winning runs. . . . Mansfield easily defeated Lexington 14-0 as Regula struck out 14 of the 15 batters to the . . . Columbus East proved easy and were snowed under 17-9. . . . Moving over to Columbus West, the Tygers were in front 1-0 when the game was stopped because of rain in the first inning. . . . Hardy issued 3 hits to Wooster College, while his teammates were getting 6 hits and he 1 to win, 2-1. . . . Barberton got 3 hits and Mansfield 2 in Mansfield's first loss that ended 3-2. . . . We walked over Galion 9-3. . . . Again our boys met Barberton and again went down in defeat. We lost the game on errors, final score being 3-1. . . . We won a close one at Massillon, 4-3. . . .

DON HARDY

ELISHA FLORO

LES MYERS

Regula almost won his own game at Shelby, since he knocked out 2 hits and gave Shelby but 3. . . . Our men met Massillon again but encountered little difficulty this time as they collected 17 hits, and Hardy fanned 15 players and passed out only 3 hits. . . . At the district tournament at Lima they had little trouble with Lima Central, winning 12-0. . . . Hardy won the district championship game over St. Marys almost single-handedly by giving out no hits in five innings and by getting 3 out of 3 hits, one a triple. . . . Toledo Macomber took advantage of our errors in the first game of the regional tournament and won 2-1, thus ending Mansfield's first year of participation in baseball.

With six of the nine regulars from last season returning, Coach Lymper has had little to worry about this year in the way of good material. He arranged a 13 game schedule and has been in high hopes of having another team as good as last year's. At the time of this writing, no games have been played; but it is almost sure that the Tygers have had another successful season. The following are the players which Lymper has in mind for his starting nine in their usual batting order: Louie Snavely, 1B; Shelley Swank, 2B; Ross Frisbee, P-CF; Jim Regula, P-CF; Chug Floro, C; Jake Gaubatz, SS; Bob Glasscock, CF; Dick Burton, 3B; Jim Meeting, RF. The reserve team, which has not yet been organized, has a 5 game schedule so far with a number of open dates yet.

★ — BOXING — ★

Boxing has proved this year that it is rapidly coming into its own as a sport at MHS. The school and town are catching on to it and seem to like it. Proof of this is the fact that about two thousand people turned out for the two-night show in the school gym that climaxed the three months of practice. With this training behind them, the Paul Snyder - and Joe Zimmerman - coached boys were ready to compete for the titles of "champ." On the first night there were 18 matches. The 18 winners paired off for the 9 championship bouts the following night. In the first two fights Jack Brandt won the decision over J. R. Cole and Gorsuch's better boxing form and fight won the nod for him over Allen Sowash. The next three bouts saw Leroy Douville winning over one-armed George Doyle; Jim Deschner punching out the decision over Chuck Edmonstone; and Bob Mangan retaining his championship from last year by turning back Al Henke in a wild punching exhibition. Veteran Ralph Majors polished off Nick Gagich in the next fight; and then Dick Logan, much to the dissension of the crowd, got the nod over Leroy Colegrove. In the heavyweight bout, the major fight of the evening, Dave Boals also kept his crown of last year by getting a close decision over Dave Richards, who tips the scales 30 pounds under Boals. As runners-up all nine losers of the championship bouts received miniature silver gloves, while the winners were presented with gold ones.

Row Three—Coach Snyder, Leroy Colegrove, Dick Logan, Frank Elias, Dick Gross, Dave Boals, Tom Nixon, Dave Wentz, Phil Pittenger, Joe Dech, Jim Deschner, Ross Frisbee.
Row Two—Allen Sowash, Alfred Eilenfeld, Frank Bebout, Dick Cairns, Bob Mangan, Al Paetch, Junior Leitch, Dave Richards, Allen Henke, Bruno Mollica, Bob Rondy, Dick Heston.
Row One—Bob Hicks, Jack Derror, Howard Gorsuch, Bob Richards, Leroy Douville, Eldon Roberts, Kenny Scott, J. R. Cole.

M. H. S. RESUMES GOLF—

1945 proved to be a big year in sports for MHS students as three more activities were added to the swelling sports' curricular. While baseball and boxing got off to a successful start, golf was making a slow but sure beginning under Veteran V. H. Oberlander. Back in 1941 when golf was dropped, Obie had a championship team; slowly but surely he is working up another one. With no school funds appropriated and Obie busy with regular school work, last year's team was a sort of haphazard affair. Even with this they won two matches and lost only one. This year golf is becoming more organized and more publicized and making the team will not be so easy with all the competition for the six positions which this sport carries. Three veterans who held down the first, second and third positions on the five-man team last year will be back to form the nucleus of the team. These players are Angelo Taddeo, Tony Oliveri, and Arnold Adams. Right now there seem to be many candidates and of course only the best will be seeded to represent the school in its golf matches. The first match is on April tenth against Shelby more matches are to be scheduled with such towns as Lima, Canton, Sandusky, Lorain, Elyria, and Norwalk. By now the golf team has been organized, has played its schedule, and has disbanded with probably another successful season under its belt.

"OBIE"

HELEN McCRACKEN, BEVERLY WENTZ, NINA JEAN STASH, ERNEST PENNELL

The people who help keep the sports of Mansfield High running smoothly and the people who led the cheers that encouraged Mansfield teams to victory are pictured on this page. They are perhaps unsung heroes, for they are little mentioned, but are extremely important cogs in the operation of sports. These cheerleaders will not be back next year, but their places have already been filled by several junior boys and girls who hope to carry on their good work.

Mr. Matthew E. Elias, better known around the halls of MHS as "Pop," has the big job of taking care of all sports equipment and that of the boys' gym classes. He is a well known figure around school, and without him the athletic department would not function. His assistants are known as managers, and help him as much as possible in his work.

MRS. PERRY
MISS WEIMER

GIRL'S ATHLETICS

Why do you suppose the girls of Mansfield Senior High look healthy and full of pep? We assure you it isn't because of the time they spend in classes. There is only one reason, and that is the exercise they get each week in the gymnasium under the careful supervision of Mrs. Betty Perry and Miss Martha Weimer, who see that every girl is given an equal opportunity to display her talents.

You all know Mrs. Perry, but here are a few interesting facts about her. She teaches gym classes, swimming classes, and individual team sports. She attended Ohio State University and majored in physical education and biology and taught these subjects in the Urbana High School at Urbana, Ohio, for one year before coming here. At the present time she resides at 150 Western Avenue. Mrs. Perry can be seen arriving early every morning when a game is scheduled to be played or refereed.

Miss Martha Weimer, Mrs. Perry's "Man Friday," teaches such games as soccer, basketball, and volley ball. During the fourth period swimming class, she helps Mrs. Perry keep the class under (water) control. She also has charge of the bowling tournaments and can be seen at the games cheering the girls to victory. Miss Weimer lives at 41 Western Avenue close to Mrs. Perry, but her permanent home is in Loudonville, Ohio, where she worked in the office of the Flxible Company. She also taught two years at Loudonville and four years at Millersburg, Ohio, before coming to M.H.S.

The organizations of the girls' physical education department are for all who are skillful in certain sports. These clubs sponsor banquets, sports day, and games with other schools. The intermureals consist of soccer, volley ball, bowling, basketball, ping pong, and soft ball.

One, two, up, down, forward, backward. Oh, what fun it is to do exercises! You feel just like a million (knots) afterwards. Notice how slim all the girls in the picture are. Daily exercises give this appearance. Try it once and see!

One, Two, Three, Four

— Bend - Way - Over —

What! More exercises? But this trick isn't so easy as it looks; it takes practice and lots of it. Miss Weimer gives lessons free of charge. Just make an appointment with her anytime.

OVER THE NET IT GOES

Volley ball has been one of the most outstanding games of Mansfield Senior High School. In fact, it was one of the first games to be played in the gym classes here. Volley ball is an exciting as well as a fast-moving game. Consisting of an even number of players on each side with one player at the extreme right of the court in a position to serve the ball, the object of the game is to get the ball over the net without the ball touching the floor. Volley ball is played in all gym classes; tournaments are also held for girls who enjoy this sport, and wish to earn G.A.A. points.

SHOOT 'EM HIGH, SHOOT 'EM LOW

In 1941 Miss Wilma Snyder began teaching her gym classes at M.H.S. the fundamentals of basketball. This was the first evidences of girls' basketball at this school. Now it has become one of the best-liked sports. Although girls' basketball differs quite a bit from boys' basketball, the spirit with which it is played remains the same. Six girls are on each team, 3 forwards and 3 guards. The forwards are the only ones who are allowed to make baskets, while the guards prevent the other team's forwards from making a basket. Basketball is also played in tournaments, and many girls go out for this exciting sport.

Individual Team Sports—enjoyed by all who participate in them.

Shuffleboard—Esther Hendrickson, Christine Schmidt, Nancy Osbun, Martha Schooley.

Archery—Marjorie Young, Helen Uzunoff, Frances Schulte, Audrey Kalish.

Medicine Ball—Betty Blake, Dorothy Zivkoff, Verna Beth Graham, Esther Bishop, Carol Goettinger.

Ping Pong—Waunetah Jarman, Evelyn Winters, Patty Metcalf, Ruth Copeland.

THE SWANS---

Future Rocketts?

The Swan Club is open to all those girls who are advanced in swimming; these members meet on Tuesday after three o'clock. Every year they compete in a meet with swimmers of other schools.

THE DUCKLINGS---

Strike a Pose

The Duckling Club consists of all those girls who are willing to learn to become advanced swimmers. After passing a special test, they progress to membership in the senior organization. The Ducklings meet every Thursday after school.

GIRLS' HOUR IN

THE POOL

An informal view of our pool, demonstrating the various types of swimming.

Nineteen Senior High girls make up one of the best attended girls' physical education organizations out at Mansfield Senior High. It's called the Tumbling club. The club limits its membership to those girls who show promise of developing into apt performers on the mat. These girls are taught various stunts which require a great deal of individual skill and a good sense of balance. The girls must know the correct way to fall, and they must be able to perform with others in an intricate pyramid or stunt. The club meets every Monday under the direction of Mrs. Betty Perry. An outstanding exhibition of the club was between halves of the Mansfield-Massillon basketball game.

HIGH, HIGHER, HIGHEST

AROUND THEY GO

The pictures demonstrate two different stunts that require a great deal of practice and cooperation from every girl.

The staff of the 1946 MANHIGAN wishes to express its deepest gratitude to the following:

Mr. George Sherman, who very capably managed the business and supervised much of the editorial work.

Mrs. Margaret Conrad, without whose guidance and assistance this book would never have been published.

Miss Cloude Blake who edited the scripts.

The Hyphonerian staff, who co-operated in every way possible with publicity.

Mr. Ralph Juniper, Mr. Fred Elder, Quaid Mishey, and Dick Fisher, who contributed to the photography of the annual.

Darlene Secrist, who served as staff typist.

Mary Parry and Bob Beatty, who did the art work.

George Gernhardt and Earl Auxter, who labored diligently on the business staff.

AMERICAN TRADITION

• Quality, Integrity and Dependability have established themselves as a definite tradition with Pontiac. We have been constantly on the alert for new and improved procedures in yearbook designing and service. Our modern precision equipment is concrete evidence of adherence to this policy. Our experienced craftsmen and servicemen are carefully supervised by experts in the field of distinctive school publications. We are proud to have played a part in the publishing of this book in the capacity of official photo engravers. Our entire personnel congratulate the staff for their splendid work and cooperation.
